Help Is On The Way

Carolyn Utter, Johnson's Marketing Director

Even the most dedicated gardener needs a little help now and then. If your lawn, garden and landscape are your passion ... but you're lacking time, energy or strength (or even desire if it's NOT your passion), we can help with everything from turning the soil in your vegetable garden ... to planting your spring flowers ... to sodding your lawn ... or a full landscape design.

Even I need help once in a while. When we moved into a new home several years ago, I called upon Johnson's landscape designers to come up with a master plan so our landscape would look planned and not haphazard. And since I didn't want to spend the next ten years planting it all, Johnson's came out to cut the bed lines; install the edging and drip irrigation; and plant all the trees, shrubs and perennials. This fall, Johnson's treated my pin oak for iron chlorosis ... a problem it has struggled with over the years. And don't even ask me to be pulled across the lawn by a core aerator! I'll leave that chore to someone with a little more muscle!!

So what do you need help with? Everyone's needs are different ... but you can find the help you need at Johnson's Garden Centers. Take a look at some of services we offer, then give us a call when you're ready to begin!

- LAWN FERTILIZER APPLICATION
- LAWN AERATION
- LAWN OVERSEEDING
- LAWN SODDING
- IRON CHLOROSIS TREATMENT
- PLANT SPRING / FALL COLOR
